GLOBALG.A.P. FULL REMOTE – LIST OF AUDITABLE ADD-ONS

GLOBALG.A.P. Full Remote also applies to all GLOBALG.A.P. add-ons as per approval by the add-on owner. This list includes the applicable add-ons. The GLOBALG.A.P. Secretariat will continuously update this list in case additional add-on owners decide to join the GLOBALG.A.P. Full Remote procedure. If an add-on audit is conducted based on GLOBALG.A.P. Full Remote, this is added as a product attribute in the GLOBALG.A.P. IT systems and is visible to GLOBALG.A.P., the certification body, and the respective add-on observers.

The following add-ons may be fully audited using GLOBALG.A.P. Full Remote:

- AH-DLL GROW
- Food Safety Modernization Act (FSMA) Produce Safety Rule (PSR)
- GLOBALG.A.P. Farm Sustainability Assessment (GGFSA)
- GLOBALG.A.P. Impact-Driven Approach to Sustainability add-on (for Flowers and Ornamentals)
- GLOBALG.A.P. NON-GM/"Ohne Gentechnik"
- GLOBALG.A.P. Risk Assessment on Social Practice (GRASP)
- Nurture Module
- Sustainable Meat Initiative for Dutch CBL
- Sustainable Program for Irrigation and Groundwater Use (SPRING)
- TR4 Biosecurity Add-on for Bananas
